Work Experience

IOS developer

ABC Corporation - April 2014 - September 2014

- Developed new features for imo.im iOS 8 with Today and Share extension by using cache to handle data between main and extension app, which impacted 25% of imos users and received great feedback from app store.
- Made uploading faster by 20% and retried downloading features from local gallery by using Grand Central Dispatch.
- Utilized different states to better handle video/audio call UI and functions.
- Made IOS apps new setting bar responsive to different sizes of screen (Ipad, Iphone).
- Separated imo localization (different types of Spanish, Portuguese, Chinese), thereby supporting good translation that increased non-English speaking users by 300% for iOS app.
- Recoded group creation function to invite users from both client (iMessage) and server sides, thereby increasing the amount of group creation by 40%.
- Added phonebook, camera, mic permission alert and instruction for all imo iOS users.

IOS Developer

ABC Corporation - 2013 - 2014

- Taqtile is a Seattle-based mobile application development headquarter who also has another office in Brazil.
- There I had the opportunity to develop the following applications Dollar General Application developed for iOS.
- The app is available on App Store.
- Extra Application developed for a Brazilian supermarket chain, the application is available for both Google Play and App Store.
- Multiplus Application developed for iPhone, iPad and Android, already available for both Google Play and App Store.
- Piriri Application developed for Merk to find bathrooms on the street, available for both Google Play and App Store.
- Fastenal Application developed for iPad and its not available on App Store because its an internal system..
